**THE
COMPETITIVENESS
PROJECT**

October 24th, 2011

Subject: *Letter of Recommendation for Ms. Jasmina Trajkovski*

To Whom It May Concern:

I welcome this opportunity to recommend a highly respected professional, Ms. Jasmina Trajkovski.

I have known Jasmina since June 2011 when she was selected to be one of the 4 consultants engaged to develop the *Methodology for Valuation of IT Assets* for the final client the Ministry of Information Society and Administration of the Government of Macedonia. Even though the task was extremely challenging, very soon, it became obvious that she was really the right choice for the assignment. I would like to stress that during her engagement with the Working Group she contributed to the success of the entire activity; from the very beginning of the assignment she proved to be very diligent, proactive, extremely cooperative, flexible yet focused on delivering results within tight deadlines.

I greatly appreciate Jasmina's consistent positive attitude and her engaging personality that helped the Working Group reach its goals in a timely manner and with highest quality. Should you have any further questions please contact me at mmakedonska@carana.com.

Sincerely yours,

Mirjana Makedonska
